

Announcing the 2nd Year of WARR Seminar Series ([WARR website](#))

Seminars will be presented online live at 11 am eastern US time, with Seminar recording available later.

Pamela Sullivan, Oregon State U, USA & Li Li, Pennsylvania State U, USA	17 Feb. 2022
<i>From soils to streams: the structure and function of the critical zone in the Anthropocene</i>	Register here
Katherine Lininger, U Colorado, USA & Laurel Larsen, U California, USA	17 March 2022
<i>The hard science of 'soft' geomorphology: flow-vegetation-organic carbon feedbacks in rivers & floodplains</i>	Register here
Adrienne Marshall, Colorado School of Mines, USA & Efrat Morin, Hebrew U, Israel	14 April 2022
<i>From mountains to deserts: changes in snow and flood intensity and intermittence</i>	Register here
Josie Geris, U Aberdeen, UK & Dörthe Tetzlaff, IGB Leibniz Institute & HU Berlin, Germany	19 May 2022
<i>Connectivity and management between landscapes and riverscapes</i>	Register here
Judy Yang, U Minnesota, USA & Genevieve Ali, U Guelph, Canada	2 June 2022
<i>Laboratory investigations of flow-sediment-microbe interactions</i>	Register here
<i>River sediment & nutrient concentrations in flat landscapes: the role of connectivity (or lack thereof)</i>	
Annie Ockelford, Environment Agency, UK & Kristin Jaeger, US Geological Survey	July 21 2022
<i>Exploring river 'memory' under a changing hydrological regime</i>	Register here
<i>Improving mapping of perennial & non-perennial streams based on simple flow/no flow observations</i>	
Carla Manciatì, Escuela Politecnica Nacional, Ecuador & Xiaofan Yang, Beijing Normal U, China	Aug 25 2022
<i>Recharge processes & water resources management: Case study, Riobamba aquifer in the tropical Andes</i>	
<i>Modeling flow & transport processes in cold region subsurface environments: Case study in the Qilian Mountains</i>	Register here
Allison Pfeiffer, Western Washington U, USA & Karen Gran, U Minnesota Duluth, USA	22 Sep. 2022
<i>The origin & fate of volcanic sediments in fluvial systems</i>	Register here
Virginia Ruiz-Villanueva, U Lausanne, Switzerland & Lina Polvi Sjöberg, Umea U, Sweden	13 Oct. 2022
<i>Understanding a river's legacy for restoration</i>	Register here
Anna Lintern, Monash U, Australia & Ilja van Meerveld, U Zurich, Switzerland	10 Nov. 2022
<i>Groundwater and surface water chemistry across multiple scales</i>	Register here
Elli Papangelakis, McMaster U, Canada & Astrid Blom, TU Delft, Netherlands	8 Dec. 2022
<i>Channel-bed erosion in river systems & mitigation measures</i>	Register here
Annegret Larsen, Wageningen U, Netherlands & Janine Castro, US Fish & Wildlife Service, USA	26 Jan. 2023
<i>Riverine biogeomorphology</i>	Register here

Co-hosts: Ellen Wohl (Colorado State) and Li Li (Penn State)
