

Women Advancing River Research

Online, 11 am, US Eastern time, 3rd Thursday of each month, register here
<https://www.cee.psu.edu/events/women-advancing-river-research.aspx>

- Jan 15** Navigating funding uncertainties (Laura Lautz + Kathleen Boomer)
- Feb 19** Troubled waters: hidden challenges for water quality (Carolyn Winter + Ashley Helton)
- Mar 19** Climate impacts on weathering and flow (Sara Warix + Jennifer McIntosh)
- Apr 16** Water at the top of the world (Joanmarie Del Vecchio + Anastasia Piliouras)
- Apr 30** Managing for water scarcity in the western U.S. (Debra Perrone + Elizabeth Koebele)
- May 21** Carbon transport & processing across land-ocean continuum (Suzanne Tank + Nuria Catalan)
- Jun 18** Water quality and water scarcity (Michelle T.H. van Vliet + Maryna Strokol)
- Jul 16** Riparian wetlands as river modulators across landscapes (Lijing Wang, Amy Hansen)
- Aug 20** Open discussion, feedbacks, and community bonding (WARR Cohosts)
- Sept 17** Urban stream biogeochemistry (Devon Kerins + Eugenia Marti)
- Oct 15** Hydroclimate impacts on human-water interactions (Maria Magdalena Warter + Serena Ceola)
- Nov 19** Bedrock water storage, forest health & streamflow (Amanda Donaldson + Daniella Rempe)

WARR cohosts: Devon Kerins, Bryn Stewart, Marguerite Xenopoulos, Margaret Zimmer, Li Li
